## INTEX Finishing Procedure

Manufactured from PVC trim board, which is UV-resistant and does not require painting for protection. The products may be painted to achieve a custom color.. Use exterior 100% acrylic paint.

Caution: To decrease the chance of separation due to expansion/contraction, do not paint Intex Millwork products dark colors where they will be exposed to direct sunlight.

(Paint should have a light reflective value of 55 or greater)

## INTEX Column Wraps

With INTEX Column Wraps, it's easy to turn ordinary columns or post into beautiful design elements. Hide a wood post or metal column. Create a perfect match to original square craftsman-type porch columns.

Column Wraps are available in 6", 8", 10" and 12" widths and 4, 8, 10 and 12 foot heights, complete with mounting brackets, caps, base trim, PVC adhesive and everything you need to complete installation.

The white finish of INTEX PVC millwork looks beautiful and will stay that way for years. But, if you want to express your design ideas in color, INTEX millwork can be easily painted.
